# NEW FOR 2025

## GREENHOUSES

Many homeowners around the country are catching on to the idea of growing their own fresh herbs and vegetables. Old Hickory's greenhouses are the ideal structure for growing your plants year-round in a climate-controlled environment. The 21" x 21" vent door features an Automatic Louvre that gradually opens when temperatures reach between 59-77°F. Our Greenhouse gets delivered fully assembled and will be leveled up to 3' by our drivers. There is NO need to build a foundation or assemble it yourself. All you'll need to do is fill it with plants!

Clear polycarbonate panels on the roof and upper side-walls

Deck-board potting shelf around the perimeter (sides and back wall)

Vent door with Automatic Opener (opens between 59-77°F)
